A FEW WORDS FROM THE EDITOR...

Like many others I have been laid low with illness for the past couple of weeks. This was at the very time I needed to work on the Gazette, so thank you for your patience in waiting for me to get this issue out.

We are still in plenty of time to advertise most of the events in this issue, although the print edition won't be out in time for this weekend's events which include the annual Corndale Astronomy night. This is on Saturday 19th August at 4:30 pm at the Corndale Hall. With free admission, a guest speaker, and the opportunity to purchase food and drinks to help with fundraising for the hall, this is a great evening for families or anyone interested in astronomy. Please share this with your friends to get as many people along to the event as possible.

There are a number of events advertised in this issue including September school holiday activities with 2480Live-LearnCreate – see their advertisement on page 3 (below this article). Other events ranging from musical theatre to art to sport are included in this edition, so get out there and get involved.

And of course, the issue of the day is the possibility of a postal vote for marriage equality. In the past with the Dunoon Gazette (and in my life in general) I have carefully stayed away from political issues, but in reading some of the discussions and debate, I realise that my silence does not help, and it can hurt. I realise that part of my apathy with respect to politics is that I come from a background of privilege where I have had no need to fight for my rights.

To borrow some words from something I saw on facebook, I realise that “staying out of politics” is privilege in action. Here's what it said: *“Your privilege allows you to live a non-political existence. Your wealth, your race, your abilities or your gender allows you to live a life in which you likely will not be a target of bigotry, attacks, deportation, or genocide. You don't want to get political, you don't want to fight because your life and safety are not at stake. ... If you find politics annoying and you just want everyone to be nice, please know that people are literally fighting for their lives and safety. You might not see it, but that's what privilege does.”*

These words ring true, and while I am never likely to be an activist, there are small things that even the most ‘non-political’ of us can do to try to help others. I have gone ahead and signed a petition for Marriage Equality on Change.Org and even shared it to facebook (something I rarely do!) with the following words. *“I am so proud of Malta who has legalised same sex marriage. Malta is my adopted country through my own marriage. It has always demonstrated deep faith and has now matched that by a strong commitment to equality. Please Australia, as my other adopted country, show the same commitment to equality as Malta and my country of origin New Zealand.”*

And although I do not agree with using taxpayers' money for a postal vote on this issue, when it seems to have such an easy and logical resolution following the precedent set by more than 20 other countries in legalising marriage

for everyone, I do agree that we cannot afford to stand idly by or boycott the vote. Please make sure that you are enrolled to vote and please vote YES so that we can prove that we are the accepting community that I am proud of.

Until next time,

Bronwen Campbell

This term marks the end of an era for Modanville Public School. Our principal, Barry Cooper, will be retiring at the end of week eight. Barry has been principal at Modanville for the past 9 years and prior to that he spent almost two decades as the principal of Corndale Public School. He has been well-respected by students, parents and staff due to his approachable, welcoming and humorous manner, and will be missed by the school community. Barry is looking forward to spending more time on his ride-on mower! The school will welcome Kerry Harper as the newly appointed principal at the beginning of week nine. Kerry comes to Modanville with a wealth of experience and we look forward to having her in our school.

and Canberra and learning about parliament with our friends from Eltham and Coffee Camp Public Schools. The highlights of the trip, according to Ella, were visiting the snow and throwing snowballs at each other, exploring Questacon and going on the cool slide and visiting the War Memorial.

ment of the Minds is a competition that requires students to problem solve in small groups then deliver their solution through the medium of drama. There are different categories which the students can compete in, and this year we will have teams in the Maths & Engineering and the Science & Technology categories. When students compete they will present their rehearsed performance as well as performing in a spontaneous challenge. Students relish the opportunity to be part of the school TOM teams as they develop invaluable communicative and problem solving skills.

Our students have been busy rehearsing for their evening and matinee performance at the Lismore Performing Arts Festival in August. Our school will be represented by students from kindergarten to year 6 in our school performance and from students from years 3 to year 6 in the small schools choir performance. The students are excited to take to the stage once again and wow the audience with their talents.

As the end of the year begins to slowly approach, kindergarten transition will be on the minds of families with children beginning school next year. Modanville will be conducting orientation mornings in term four and we look forward to meeting prospective students. If you would like to receive further information on this process please contact our school office on 66282234.

The end of term two saw students eagerly participating in sprints, relays, long jump, high jump, turbo javelin and shot put at the school athletics carnival. Students and parents enjoyed a sunny day filled with enthusiasm and team spirit. The Lorikeets won the day's events, with many students from all three house teams qualifying to compete in one or more events at the Dunoon District Athletics Carnival.

Teams have been selected for the Tournament of the Minds competition which will take place later this term. Tourna-

Erin Azzopardi

Whilst talking sport, we have had boys and girls on the soccer fields lately as part of the PSSA Dunoon District Team. Our boys' team were knocked out in round four after putting in a fantastic effort; however our girls' team have made it through to round five.

Years 5/6 ended last term with six nights visiting the sights of Sydney

CORNDALE CROSS COUNTRY

On Friday the 5th of May Dunoon and District schools had their cross country carnival. The carnival was hosted by Corndale Public School and the track was around the property owned by the Sandy Hunter family, where it has been for the past 28 years. The Dunoon District Cross Country is a highlight of the school year for many people and certainly was for me. When I first started doing cross country I wasn't very sporty, I never got a ribbon, but I really enjoyed running the course. When I was nine Mum and Dad saw how much I liked running and registered me for Little Athletics in Lismore. That year I came 4th in the cross country.

After that I started to take running a little more seriously and in the 10s, 11s and 12s I won the cross country at Corndale.

Unfortunately I am at high school now and can no longer compete but this year Mum and I went along to watch my sister (Cassandra from Dunoon School). When we arrived, Corndale Public School had set up a canteen and were cooking sausages and selling delicious food. We had to tell Cassandra not to eat too much before she ran! The

highlight of the day for us was Cassandra's race. It was a particularly exciting one because Cassandra and Zara (from The Channon) ran next to each other for the whole 3km! In the end it came down to a sprint finish with Cassandra just beating Zara over the line.

Each year one school is awarded the Sandy Hunter Shield. The winner of the shield is decided by points given to students placing from 1st to 20th and then the points are divided by the total school enrolment so everybody who participates is helping their school get closer to winning this award. This year The Channon won, Dunoon received runner up and Whian Whian came third. Lots of students participated and everybody looked like they were having loads of fun.

By the time you are reading this all students aged 8-13 who came 1st, 2nd, 3rd or 4th in their age group will have represented Dunoon District at the Northern Rivers Zone Cross Country and many of them will be preparing to compete at the Regional Championships.

Thank you to Mr Cooper from Modanville who has coordinated this event for the last 28 years. Sadly this year was his last as he is retiring later this year.

PARKRUN

If you would like to do some training for Regional/State or just love running and would like to do more of it there are a few options in the Lismore area. Parkrun is a free 5km run/walk for all ages and abilities, register at <http://www.parkrun.com.au/register/> and turn up at Riverside Park, Victoria Street, 7am every Saturday morning.

LITTLE ATHLETICS

Lismore Little Athletics is another way to keep doing athletics and getting access to a whole range of track and field events. Many of the athletes go on to represent Lismore at the State Championships (like I have for the past 5 years). Little As starts again towards the end of term 3 and you can follow the club on Facebook for updates - <https://www.facebook.com/Lismore-Little-Athletics-446104472174851/>.

Gabriella Hill

LOCAL SPORTING ACHIEVEMENTS

LOCAL GIRL WINS MEDAL

Local girl Gabriella Hill (13) recently won the Queensland U16 5km Road Walking Championship held in Brisbane. This is her second Queensland title having won the U14 3km Track Race Walking Championship earlier this year.

Following that event, she competed at the Australian Athletics Championship in Sydney coming 5th (in Australia). To help her pursue her athletics she has just been awarded a Local Sporting Champions scholarship of \$500, by the Federal Government's Australian Sports Commission.

Later this month she will represent Queensland at the Australian Winter Race Walking Championships.

A visit from Pymble Ladies' College

Throughout the week from Monday 31st of July to Friday the 4th of August, Pymble Ladies' College in Sydney came to visit Dunoon Public School. During this week, the 14 PLC girls shared their skills in organising classes for the primary school kids to take part in. Lessons included technology challenges, sport, cooking master classes and creative arts. The girls also ran recess and lunch time fun sports activities, like Bull Rush, soccer and flag football.

During Art classes, PLC has catered for different years with different skill sets. Activities included painting small, terracotta pots for Years 1 and 2 for small plants and succulents to go into the garden. Making the students' favourite animals out of air dry clay for Years 3 and 4 to go into the garden was a really popular activity. For years 5 and 6, we organised outlining their heads and shoulders and drawing their favourite hobbies, foods, places and things to do to explore their identity.

The S.T.E.M. (Science Technology Engineering Mathematics) girls taught multiple classes including teaching

the kinders the basics of robots by introducing a robot called a BeeBot that can move forward and backward. Year 3-4 students have been doing an egg drop challenge which teaches the kids about the basic gravity rules.

Gardening classes with PLC included a lot of interesting and fun activities including making small terrariums with years 5 and 6. This included, painting pots and pebbles, planting succulents and decorating the garden. Years 3 and 4 have created a dinosaur garden similar to Years 5 and 6 but it includes a couple of their animals that they made in art classes and different plants. Kindergarten took part in turning over some soil and planted pretty flowers next to their room as well as painting pebbles for decoration.

The kitchen girls have been cooking up a storm in the canteen's kitchen. From icy poles to scones and lemonade they have done it all. Students enthusiastically made and then ate all the yummy creations. Kitchen rotations were definitely one of the highlights for the students and it's not hard to see why.

The students learned basic rules of the kitchen and hygiene without boring

lectures. And you know what they say... when life gives you lemons make lemonade, and now they can.

This year, all students from Years 3, 4, 5 and 6 participated in a tech challenge. The challenge was to identify a local issue of concern and code an app to try and solve this issue. Students worked in teams to identify issues, create a business plan, research competitors and code an App which they then had to make a marketing pitch for. The project has taken 12 weeks to create and involved multiple skills including coding, creative design, research investigation and teamwork. The groups consisted of 5 people, each with different skill sets and positions.

Four teams of girls have entered their products in the "Search for the Next Tech Girls Superheroes" competition.

The girls will go to compete against 140 other teams from Australia and New Zealand. The apps can be accessed on the App Store. Keep up to date with the teams and see if they make it to the grand finals later in the year!

On the 28th July, multiple schools from the local area came to compete against each other at Dunoon Public School for their annual sports competition. Sports included: shot put, long jump, high jump, captain ball, shuttle ball, tunnel ball, turbo javelin, and multiple sprint races. The results are yet to be announced but Dunoon Public School has their fingers crossed on winning the title for champions in ball games.

**BALZER PARK
PLAYGROUND & OUTDOOR
FITNESS AREA – UPDATE**

I am pleased to report that Council has accepted a tender from a company called a_space to install new playground and exercise equipment next to the oval at Balzer Park. Work is set to commence in early August and will be completed by 31 August (weather permitting) in time for the soccer grand finals in September. An official opening is planned for Friday 8th September at 5:30 pm. This has been a huge success for the North East Community Planning Panel members who included this in a plan to improve amenities in the village.

You may recall that members of the panel identified that there was a lack of playground equipment to cater for the large number of people that live in the district, as well as the many sporting families and tourists that access the village. Over the years, equipment was decommissioned due its age and condition but it was never replaced. The Panel put forward a proposal to Council that it sell an unused block of land in Cedar Drive to fund the installation of a new playground in the village. This proposal was accepted and Council has worked with the Panel throughout the process, identifying a suitable location and consulting with the community. The biggest delay was getting the land re-classified so that it could be sold.

The land sold for \$135,000 inclusive of GST and the amount of equipment supplied was determined by the space available and the net funds available from the sale of the land, minus legal

fees, commission, cost of supplying electricity and water to the site. The final figure for the park included a contribution of \$15,000 from the Community Building Partnership Grant which the Sports Club secured for the project. These funds went towards exercise equipment. Some funds have been saved for concreting a path from the car park near the tennis courts. This will require some volunteering from the community through the Panel, which has agreed to undertake this work.

While the community consultation played a big role in the final choices of equipment, some compromises had to be made due to price and ongoing maintenance for the Council's Parks Team. Although this playground may not be as grand as we hoped this is a big win for the community and proves

what can be achieved by a community engaging in a partnership with Council. Tamarind Park has not been forgotten. A request

has already been made to Parks to relocate the existing rocker and the slide at Balzer Park to Tamarind Park. The Tamarind Park facilities have been pressure cleaned and the picnic tables were painted. The Panel has secured a grant from Council to install a sign at the park with a map showing interesting locations and information about the area. The back of the sign may also include a general notice board to advertise events in the area. The Panel is also working towards getting a set of swings and a couple of picnic tables installed in the park.

what can be achieved by a community engaging in a partnership with Council. Tamarind Park has not been forgotten. A request

has already been made to Parks to relocate the existing rocker and the slide at Balzer Park to Tamarind Park. The Tamarind Park facilities have been pressure cleaned and the picnic tables were painted. The Panel has secured a grant from Council to install a sign

Please come along for the official opening of the playground and exercise area in September. Bring your kids along to enjoy the facility and find out more about the North East Community Panel. We would love to get more residents involved to provide input on how we can further improve our wonderful village (projects or events – big or small). We live in a great place. Let's make it even better.

Ross McDougall

CORNDALE ASTRONOMY NIGHT

On Saturday, the 19th August, in conjunction with Science Week, the Corndale Hall will hold its annual astronomy night starting at 4:30 pm. This is a popular event for locals, particularly the children, as we get the local primary schools involved.

There is no admission fee, though we do put on a BBQ and drinks, with all proceeds going towards the upkeep and annual insurance of the hall. This year we will raffle a Sky-Watcher 900x114 EQ1 telescope.

I invite you to come along to our event, and be inspired by the wonders of the universe. We have a guest speaker: Dylan O'Donnell, from The Byron Bay Observatory. His specialty is astro-photography, so he will have plenty of pictures! You may be aware of an image he captured of the International Space Station silhouetted in front of a full moon. It has gone viral, and has been reproduced in all manner of publications. You can view it here:

<http://deography.com/international-space-station-over-australia/>

We will be putting on a children's sci-fi movie after the talk.

The idea is to have something happening in the event of inclement weather. However, the clouds have always miraculously parted before, so you never know.

Richard Hurley

Corndale Hall Committee Inc.

DUNOON PRIMARY SCHOOL SPRING FAIR

Spring fair is on again at Dunoon School in October. There will be market stall places up for grabs if people want to sell unwanted items, hand-made products and so on. The date is the 14th of October and the price for stall is \$25 to \$30 depending on stall and donations are gratefully accepted.

STORIES AT THE GRASS

The Grasslands Reserve Trust has also been fortunate to secure some modest funding to support a community event and would like to welcome one and all to the 'Stories at the Grass' on **September 23rd**.

Save the Date! More information about this event will arise in notices at the Dunoon Store in the coming months.

VILLAGE ARTISTS

The Village Artists are starting regular art mornings on the second Saturday of each a month on the verandah of Dunoon Sports Club.

The first one was on 12 August starting at 9.45am and had a good turn-out.

The next one is on **Saturday 9th September** but please note that it is NOT at the club, as the Football Grand Finals will be on that weekend. Instead we are holding a plain air session, probably in Fraser Road. Ring Ros for details. Bring your own favourite medium, art supplies and something for morning tea.

Cost \$5 Contact Ros 6628 2909

BYRON WRITERS FESTIVAL

Byron Writers Festival (4-6 Aug), Australia's largest regional literary festival, wrapped up a hugely successful 21st year with more than 130 writers, thinkers and commentators from across Australia and around the world. More than \$8000 was raised for the Indigenous Literacy Foundation via generous donations from Festival patrons.

For more Festival highlights visit the Byron Writers Festival blog at byronwritersfestival.com/blog

PIRLOS TYRE CENTRE

2017 MASTERS GAMES AND LISMORE CUP

The Lismore Masters Games will be held from the **22-24 September** across Lismore's quality sporting venues. The popular Lismore Cup will be held on **Thursday, 21 September**, the day prior to the commencement of the Masters Games.

Registrations close Friday 18th August.

LISMORE TO HOST ULYSSES CLUB AGM IN 2020

Lismore has been announced as host city for the 37th annual Ulysses Club Annual General Meeting (AGM) in 2020.

The Ulysses Club is a social club for motorcyclists over the age of 40.

The major event will be held from **4-10 May 2020** with more than 2000 motorcycle enthusiasts from across Australia converging on Lismore for six days of fellowship and celebrations.

The week of events includes opening and closing ceremonies, a grand parade, trader displays and sales, daily organised rides, an awards presentation and live entertainment at Lismore Showground.

Lismore City Council's Tourism and Events Manager Mitch Lowe said: *"We estimate the event will inject more than \$5 million into the local economy."*

LISMORE FRIENDSHIP FESTIVAL

Lismore's Friendship Festival is an annual celebration of community spirit which highlights the special connections between Lismore and the cities of Conegliano and Vittorio Veneto in northern Italy. Following the success of last year's lively salute to all things Italian, the Piazza in the Park is set for Spinks Park on **Sunday, October 1 2017, (10 a.m. – 3 p.m.) (NOTE NEW DATE)**. The festivities allow residents and visitors to be an Italian for a day! Enjoy the free, fun-filled family entertainment with a distinctive Italian twist, the great variety of authentic food and wine, conversation, games, workshops, car and bike displays, dancing, local produce and merchandise stalls.

SUSTAINABLE HOUSE DAY COMPETITION

Closes 1 September

For more information, see Lismore City Council website or facebook page for further updates of Lismore events.

BALLINA PLAYERS

The Sixties - a revolution for music and for women

The Beatles made a song of it – Revolution – reflecting the scale of change from the Fifties to the Sixties. It was a decade of seismic shifts in politics, music and society. It saw protest against many of the values held dear during the social rebuilding following World War II, including against war itself. Women demanded more rights, and as the pill and other contraceptives were introduced, it was possible for them to plan their careers and have babies when they wanted them.

Social change was also reflected in the music of the decade. The likes of Dylan and Baez sang their protests at what was wrong in society

while the Beatles and the Rolling Stones started a new era of beat and pop music.

Ballina Players' production of The Marvellous Wonderettes covers this period of revolution, using chart-topping hits from the 50's and 60's to tell the story of four girls with big skirts, big voices and big dreams and their transition from high school to womanhood.

With four-part harmonies and a backing band the girls entertain with 30 of the decades' greatest, including Stupid Cupid, Lipstick on Your Collar, Son of a Preacher Man, Respect, and It's My Party. The tone ranges from light-weight – Lollipop – to the profound – You Don't Own Me – with lots of toe-tapping favourites in between.

This Australian premiere of The Marvellous Wonderettes is a fun musical romp through the lives of four women, with great music, dancing and costumes. Opening night, Friday 8th September is a special event with complimentary glass of champagne and canapes before the show. The season runs until Sunday 24th September. Tickets are available either online at **www.ballinaplayers.com.au** or from Just Funkin Music in River Street, Ballina, Tel: 6686 2440.

Socialise ✓ Relax ✓ Connect ✓ Share ✓

We offer all seniors, people with a disability and all carers in our local communities opportunities to socialise and take a break. Phone for more information

Tel: 6689 1709

Social groups in Dunoon, The Channon, Koonorigan and Nimbin, monthly bus trips, home visits, events and celebrations, free computer & internet access in Nimbin

Plans are being enacted for the hosting of the 2017 Football Far North Coast Grand Final matches at Balzer Park, Dunoon. 25 finals matches are being played in Dunoon over two weekends including Fridays between the 8th September and 17th September.

The playground and fitness park will be opened on the first day of the Grand Finals with a ceremony at 5:30pm on Friday September 8th (if there are any delays this may change, so watch the website). It is exciting to see it take shape, and we hope that adults will take advantage of the exercise equipment to boost their fitness and health – a good way to work on your fitness for the next football season!

SOCIAL SIXES

Social 6s will again be run by the Dunoon Sports Club and this year in partnership with an exciting new sponsor. The event aims to provide fun and fitness for the Dunoon Community through social football (soccer). It

Social 6s at our beautiful grounds at Balzer Park

will be a mixed competition again this year and all the details will appear on the website and facebook pages in the very near future. The season will run between October 2017 and March 2018. Start putting together your teams. It will be great this year to see the adults down on the ground playing while the kids enjoy the playground. If you have any questions feel free to contact us.

Visit the Dunoon United Football Club website or like the facebook page to find out more about the upcoming events.

We have welcomed 5 new Preschoolers to our preschool community this term, they have settled in nicely and have been supported and guided by our big schoolie children when needed.

Our program has had a focus on garden work this term with children helping with weeding, bindi patrol, planting, gathering sticks for kindling, mulching and watering. We have been very impressed with how many children enjoy helping with these jobs; helping with the routine and responsibilities of our preschool family.

We have lots of visitors coming to add to our exciting curriculum over the months. Last term we had a visit from Rescue Helicopter who came and chatted about what they do (are they the real superheros of our community??). This term we have a lovely dog called Bonnie coming to teach us how to be safe around dogs as well as the Tissue Princess who is coming in to show us how to blow our nose correctly!

Last Friday we had a visit from the REDinc Signing Choir. They sang/signed or danced to 7 or so songs for us. It was so much fun! Some of the Preschoolers joined in by dancing or copying the signs, it was such a lovely atmosphere! We hope to have them come back again to teach us some Christmas songs later in the year.

Coming up, we have booked in 4 music sessions with the conservatorium. They will be visiting at the end of this term and taking us through some focussed music techniques and knowledge. We are very excited!!

We have had 2 exciting grants come through. Bunnings are kindly repainting the inside of our preschool while the Lismore City Council granted us the funds to update our kitchen and get an oven!! Thanks Bunnings and Lismore City Council!!

If you have or know of any children considering preschool and joining us for all these fun events, please tell them to come and visit.

Our fees are very affordable with Low Income fees starting at \$10 a day!! Playgroup continues on Fridays for children of all ages and their families.

Until next time,

Kate

SECOND HAND SATURDAY

23rd September

We are participating in Lismore Council's Second hand Saturday sale on 23rd September. Any locals who would like to have a stall space at the club can do so for a donation of \$8, or more if feeling generous. Space is limited to a table or a small gazebo (bring your own). We start at 1pm. Prices are to be kept as low as possible - it is a bargain sale. Ring the Club on 66 895444 to book a space.

SOUL NIGHT

*Friday August 18th
Mohini Cox and
Phil Eizenberg*

P.A. SYSTEM

The Club has begun a campaign to raise enough money to buy its own P.A. system so we don't have to depend on borrowed equipment and so that we can reduce the cost of hiring bands.

We are holding raffles dedicated to this goal on Thursday nights and at Pluckers and Poets and other special events. We are also hoping for donations, no matter how small. These can be given to the bar staff or manager.

Please support this cause."

MODANVILLE

These photos show just a small part of Modanville opening up but we certainly live in a beautiful place, that's for sure.

To the right is a rare aerial photo taken of Modanville in the early 1980's.

This photo is facing north and you can just see Dunoon Road along those "avenue" of trees to the right. Looking further to the right over those fields are young macadamia trees and a peanut growing farm. All the property to the left of the road once belonged to Lloyd Funnell (hence Funnell Drive in Modanville).

As you can see there is no Modanville store and no actual roads through the properties. The property with the long dark shed and smaller white sheds were used by Lloyd for growing various plants. That is now our property, which we bought from Lloyd in September 1990. There were no

A rare aerial photo taken of Modanville in the early 1980's

roads – just bush tracks – but as the land was opened up roads were surveyed and the white-coloured house down on the right is where Funnell Drive connects to Dunoon Road. The Modanville Store was not yet in exist-

ence; it opened up in November 1990.

The house directly in front (with the brown tiled roof) was built in the 1980's and the block of land directly to its right was built on about 1988 (from memory).

Corner Funnell Drive and Sunny Valley Place

It was in early 1990 that other parts of Modanville were opened up, but only up to Barry's Road. It was sometime in 1991 that the second part of Modanville was opened up.

Yes, I have seen a lot of changes over the years and even more so when Modanville East was opened up sometime in the late 1990's.

Looking down Funnell Drive. The house on the left was eventually removed.

RURAL FIRE SERVICE NEWS WITH ROSS McDOUGALL

Fire Permits will be required from 1st September until 31st March 2018 unless advised otherwise. Prepare your property

for the Bush Fire Danger Period now. If you have any piles to burn or hazard reduction work, to do it now while the grass is still green and the ground is still damp. During the Bush Fire Danger Period fire permits will not be issued for piles that contain large logs. If you require any advice or assistance please contact your local brigade. Permit Officers for your area are listed on page 22.

When issued with a fire permit read both sides of the document and observe all conditions set out on it. The Permit officer can restrict when you are able to burn and place certain conditions on the permit, dependent on the prevailing weather.

A reminder that a permit is automatically suspended if the fire danger rating is declared very high or higher, as well as days when a Total Fire Ban has been declared. It is the permit holder's responsibility to be aware of the fire danger rating for the day that they propose to burn. Refer to the RFS or BOM website the evening before your

proposed burn to confirm the rating for the Far North Coast. The local media will also provide this information.

Do not expect to get a permit on the day you wish to burn. Watch the

weather and plan ahead. Also make a plan so that if your fire should escape or get out of hand you are ready to act.

In an Emergency – Dial 000

LOCAL BAHÁ'Í NEWS WITH BILL HENDERSON

SOUL FOOD MEETINGS AT BANGALOW

Most of the Bahá'ís in the Northern Rivers live in one of the four main centres: Lismore, Ballina-Lennox, Byron Bay and South Tweed. Each local Bahá'í community hosts local events and activities, and there are also events that attract people from all over the Northern Rivers region.

On Sunday morning July 23 some of the Lismore Bahá'ís joined the Byron Bahá'ís at Bangalow Heritage House in Ashton St for Soul Food.

Each Soul Food session includes an hour of inspirational readings from the scriptures of several religions includ-

ing the Bahá'í Faith, all on the same topic. This month the topic was the long-running struggle all round the world to achieve equality of women with men. This is one of the main world-improving goals of the Bahá'í Faith.

The readings were as uplifting as usual, and were punctuated by several live devotional songs with acoustic guitar accompaniment. Then a late morning tea and chat, before some of us checked out the monthly Bangalow Markets on the way home.

Soul Food's purpose is to inspire us to improve our lives and neighbourhoods with actions that are aimed to promote

the unity and betterment of society.

The next sessions are programmed for 10:30 am on August 20, September 17 and October 15. They are welcoming free community events with no pressure, and everyone is invited.

Baha'u'llah Bicentenary

In late October, it will be 200 years since the Founder of the Bahá'í Faith, Bahá'u'lláh, was born in what is now Iran, and this will be joyously celebrated in Lismore, with everyone welcome to join in. Our plans are taking firm shape – final details in my column next time.

We recently held the Annual General Meeting of the St. Matthew's Anglican Women's Guild. Marie Everingham continues to be our president with Jess James as her vice president. Joyce Funnell has been secretary for approximately sixty years but retired on the day. Sarah Hunt is the new secretary and I stay on as Treasurer. The Guild members ensure the smooth running of the Church building and the 'housework' involved

On one Sunday in September, that is to say, Sunday September 17th, thousands of people across Australia will be inviting someone special

BACK TO CHURCH

This is to known as 'Back to Church Sunday'. People lose touch with church for all sorts of reasons but we hope that millions would come back with an invitation.

'Back to Church Sunday' (or 'Come to

Church Sunday', as we have decided to call it in the Lismore Parish) began in one Anglican diocese in the United Kingdom in 2005 and from there the concept just spread and spread and spread... Since then it has become the single largest local-church invitational initiative in the world. Many other Churches and denominations are now taking the concept on board and it is growing to an astronomical size.

We look forward to welcoming many people back to church on 17th September and in the process encourage church members to become more invitational and help our church to become more welcoming.

I should personally like to invite anyone

DUNOON HALL NEWS AND DORROBEE GRASS NEWS

DUNOON HALL

As reported in the last issue of the Gazette, our local Dunoon Hall was left with significant damage after a private function.

Movement on the hall repair has been slow, however we are getting there. The insurance has come through and quotes (3 per job) are being organised by Jillian Blake. The window has been repaired and next is the asbestos cleanup. Because the hall has been closed up for some time and it was not cleaned properly after the last use, mould has become a problem and will require extensive cleaning.

Ever onwards; sorry to all the community hall users for the delay and thanks to the Anglicans for helping out with space in the church while the hall was unavailable.

The hall committee met recently and it has been decided to ask for a \$600 deposit for one off use of the

hall. Exceptions will be locals with a charity type function. So in the near future all will be back to normal.

Ian Murray

DORROBEE GRASS

It's been a busy year at the Dorrobee Grasslands with a great deal of weed control occurring with the support of a grant from the NSW Government. The focus has been on the large Camphor laurels around the old quarry and along the roadsides. Many thanks to Lismore City Council for partnering with us in this effort and removing a section of the big Camphors along the Dunoon Road edge of the grasslands.

By the time you read this the burn season will have finally begun. With a little effort to chip out the crofton weed patches post-burn, the native grasses respond extremely well to a slow and controlled burn through the winter.

Please do take the opportunity to enjoy the transformation and of course the

spectacular views and stroll the tracks around the grasslands from time to time.

As well as the weed control works the Grasslands Reserve Trust has also been fortunate to secure some modest funding to support a community event and would like to welcome one and all to the 'Stories at the Grass' on September 23rd. Save the Date! More information about this event will arise in notices at the Dunoon Store in the coming months.

Finally, it seems that the grasslands has been found by a few trail-bikers. We can appreciate that the tracks around the grass might make for a great ride but for the sake of safety and the volunteer hours that go in to maintaining these walking tracks for community use, we are going to have to take measures to exclude motorbikes from accessing the site. This will unfortunately also exclude strollers/prams. We apologize if this impacts on any parents and little ones wishing to enjoy the grass.

Emma Stone

DORROUGHBY HALL BEGINNINGS

Dorroughby Hall was originally constructed as a Sunday School hall and was known as the Glenview Methodist School Hall. This is an excerpt which was published in the Northern Star on Saturday, August 15th, 1908, on the occasion of its opening.

A RECORD ACHIEVEMENT August 15th 1908

The picnic and sale of gifts in conjunction with the opening of the school hall at Glenview was held on Wednesday last. The function was eminently successful and was favoured with fine weather.

The Methodist Sabbath School has for some time past been inconvenienced by the want of a proper building at Glenview. On April 1st last, several gentlemen were nominated and a trust formed. Rev. D.P. MacDonald was appointed chairman and secretary and Mr W.A. Arthur, collector and treasurer. Tenders were called and contracted to Messrs Morris Bros of Glenview who agreed to complete the building for £93.

The hall, built according to plans and specifications is 25 feet by 18 feet, ceiled and lined throughout: walls 13 feet high. The porch measures 6 feet by 6 feet and the building has a raised platform 6 feet deep and extended the full width of the hall. There are 3 gothic Windows on each side. The trustees afterwards decided to have the interior of the building painted, in addition to the exterior. This and other incidentals brought the cost of the hall to £100. Seating and fittings and other appointments totalled about £20. Mr J.M. Arthur donated a quarter-acre of land, and the trustees also purchased a quarter of an acre of land and this with contingent legal and surveyors expenses added another £20 to the cost. And an item of £6 11s 6d for sundry expenses brought the total cost of the building to £146 11s 6d.

The success of Wednesday's function lay in the fact that this amount was met and the building opened free of debt. Several head of livestock had

been donated and Mr D. Shannon kindly conducted the sale. The cattle realised nearly £60 under the hammer.

Fancy work, produce, novelty and lolly stalls were in full swing during the day. All the articles submitted for sale had been generously collected and donated from friends who have been interested in the movement. The returns from these stalls were about £25. About £45 was received in cash donations, varying from £5 down to 1 shilling. The receipts at the picnic were about £7 13s 11d.

The public meeting at night was crowded. Rev. B. Dinning presided and a very choice programme was presented, the items being interspersed by short addresses. The Chairman, in his prefatory remarks, stated that he regarded it as a privilege to be connected with any good work, and spoke on the value of a child's life, and said that this building now erected was a sign of progress, and its influence tended to increase the richest asset of the nation – the character of the people.

Rev. P. MacDonald gave a short address, congratulating the many workers upon the splendid success their efforts had met with. He said he would borrow the words of the Governor of New Zealand when welcoming the American fleet: "*You may meet with greater pomp and more magnificent display; but,*" concluded Rev. MacDonald, "*nowhere will you find a more generous and genuine people than the residents of this neighbourhood.*"

He then submitted the balance sheet which showed a debit of £8 17s 7d. He made a strong appeal that this amount should be subscribed and so realise a record achievement in being able to pay all expenses upon the day of opening. A splendid response was given and a collection when taken up added another £3 2s to the funds and in five minutes another £7 was subscribed in the meeting. An enthusiastic round of applause greeted the announcement which was scarcely silent before another round of applause followed. Then someone called out 'Encore', and again the applause resounded through

Schirelle Domski
For all your travel needs
6621 6344
0424052612
EscapeTravel™

the building and then the whole congregation rose and sang with hearty voices and grateful hearts, the Doxology.

Rev. Simes gave a splendid address in which he strongly appealed to the parents to cooperate with himself and the other workers in making the Sunday School work successful.

Mr W.T. Missingham, JP, then gave a characteristic address which was keenly appreciated. He spoke mainly on the financial aspect and he certainly thought now that the debt had been paid, an organ should be purchased, and he gave some touching reminiscences of his Sunday school days. They touched the humorous vein of the audience and roars of laughter greeted his announcement that for 8 years in his Sunday school they sang no other hymns but 'Art thou weary' and 'By cool Siloams shady rill.'

Rev. MacDonald seconded Mr Missingham's proposal re the organ, and stated that at all costs we must make this Sunday school different to Mr Missingham's, and with the aid of an organ, teach the children more than two tunes in 8 years. Another willing response followed which resulted in £13 being given towards the purchase of an organ.

Rev. E. C. Thomas gave a short address which was full of congratulation. He stated that the building and paying for the Hall marked an aggressive spirit. And so concluded the gathering which was not only gratifying to the promoters, but as the Chairman put it – The Angels of God would join in the Doxology, with which the meeting closed."

Anyone interested in coming to an occasional (1 to 4 times a year?) working bee at Dorroughby Hall could send their number to Robin 0411420608. They usually start any time you like after 8am, Saturday or Sunday, last for 2-3 hours and finish with morning tea. Home for lunch. Easy!

NEW GUIDE FOR MACADAMIA GROWERS HELPS KEEP SOIL ON THE FARM

North Coast Local Land Services has been working with NSW Department of Primary Industries (DPI) and industry consultants to develop the latest guide on Integrated Orchard Management for macadamia growers. The new guide offers strategies to improve erosion management in macadamia orchards.

Successful drainage systems improve orchard productivity and water quality by reducing erosion with the benefits of a reduction in land degradation and improved farm viability.

Stephanie Alt from Give Soil a Chance, who collated the new guide said, *“This guide will help growers look at drainage options and decide which are more important, more effective, or more straightforward as there are options growers can do, even without access to specialist advice.”*

Jeremy Bright from NSW DPI added, *“The Integrated Orchard Management guide will give macadamia growers a better understanding of drainage and help them plan for water flow through their orchard.”*

“Moving water through orchards in a controlled fashion leads to cleaner water out of the orchard, less soil loss and root exposure, and ultimately a healthier catchment system.”

Erosion and drainage management is being transformed through new uses of Light Detection and Ranging (LiDAR) information. This remote sensing technique uses laser to map a three-dimensional view of a property. Digital models for elevation and predicted soil loss can identify orchard zones that need different management. Changes to groundcover and placement of drainage structures can be modelled to show the potential changes in soil loss.

North Coast Local Land Services has been helping local macadamia growers manage erosion over the

last eighteen months and the Integrated Orchard Management Drainage 2017 Guide is an outcome of some of the previous work.

Macadamia growers who would like more information are being encouraged to contact **North Coast Local Land Services on 1300 795 299 or 6623 3900** or find them on Facebook by searching for **@northcoastlocallandservices**.

With the recent Hendra diagnosis on the North Coast, horse owners are being urged to focus on key biosecurity hazards to ensure their equine friends are kept healthy and safe, and that they don't pose a risk to other horse owners or animal industries. That's the message from North Coast Local Land Services District Veterinarian, Sarah Bolton, particularly for horse owners on small acreages.

"Keeping informed about common diseases such as Hendra virus, Tetanus and Strangles as well as other well-known risks to horse health including worms and toxic weeds such as Crofton Weed and Green Cestrum will help keep you and your horses safe."

Under the new Biosecurity Act, commenced July 2017, all stock owners have a responsibility to help protect NSW from biosecurity risks to the best of their ability. The general biosecurity duty under the Act states that anyone who knows or ought reasonably to know about a biosecurity risk has a duty to prevent, eliminate or minimise that risk as far as reasonably practicable.

Dr Bolton also advises horse owners to be aware of their legal requirements regarding Property Identification Codes (PIC) and Transported Stock Statements (TSS).

"Any property holding stock, even if it's just one horse, a donkey or an alpaca, must have a PIC. Without a PIC, horses and other stock are not legally allowed to take part in shows, exhibitions or other events and a PIC is also required when a horse is bought, sold or agisted."

Owners of small acreages can apply for a PIC from any Local Land Services office or online at www.northcoast.lhs.nsw.gov.au. Horse owners will also need a Transported Stock Statement (TSS) in NSW if they move a horse in a vehicle from its home location to a different property. However, a TSS is not required if a horse is being driven to or from a show, gymkhana, pony club meeting or other event, or if it is being transported for veterinary treatment. A TSS is also not required when transporting racehorses and working horses.

The TSS records stock details, ownership, the name of the carrier and the destination, and can be used to help trace stolen stock and to trace disease outbreaks. TSS forms can be purchased for \$1 each (individually or in books)

from any Local Land Services office. Livestock owners can be fined for failure to produce a TSS if requested by police or authorised officers.

BIOSECURITY PLANNING WORKSHOPS

From 1 October 2017, livestock producers must have a Farm Biosecurity Plan. There are workshops to assist with this in Murwillumbah, Wollongbar and Mullumbimby on 4, 5 and 6 September respectively. Places are limited so book by calling **1300 795 299**

VOLUNTEERING

I CAN DO THAT!

Want to meet new people?

Learn new skills?

Participate in your community?

VOLUNTEERING IS FOR YOU!

Volunteering is fun, easy and accessible to everyone.

Be part of your community, make new friends, be appreciated and feel good about yourself.

The Northern Rivers Community Gateway Volunteer Resource Centre is here to make volunteering easy.
